

WE NEED YOUR HELP!

The Association to Promote and Protect the Lubec Environment (APPLE) is in need of your time and energy towards the betterment of Lubec.

Ruta Jordans, former president of APPLE has unfortunately (but fortunately for her) left the community and moved to Hawaii to be with her family. Her absence has created a huge hole in Lubec operations. Ruta and the APPLE board spent countless hours coordinating programs that are highly beneficial to the success of our community, our businesses, our fishing industry, and the environment.

APPLE programs include, but are not limited to:

- The annual Lubec beach clean-up
- Tours of Lubec and Cobscook that promote the geography, beauty and history here
- The single-use Plastic-Free Lubec project
- Maintaining the APPLE web site that is extremely beneficial to our businesses here
- Maintaining two popular promotional Facebook pages “APPLE” and “Visit Lubec Maine” fb page
- The placement of trash bins and recycle bins at area boat landings in an effort to limit the waste that enters our ocean.

APPLE operates the most comprehensive and business friendly website. Check it out at <https://www.visitlubecmaine.com> .

Currently there are only a few people trying to hold this non-profit together.

We are in need of board members including a president, treasurer and secretary.

We need a list of volunteers to assist with project coordination.

If you can help, please send us an email at Events@visitlubecmaine.com and we will respond promptly.

THANKS in advance from APPLE!
